

Jack and Nina (LaWare) Rogers have a gorgeous 4 year old daughter Julia, who was diagnosed at 5 weeks old with a seizure disorder, since then Julia has never gone a day without a seizure, most days numerous seizures. Julia has been prescribed numerous medications in hopes to either regulate or eliminate seizure activity. To no avail this leaves limited options.

Therefore, on November 7<sup>th</sup> Julia is scheduled for brain surgery at The Children's Hospital in Philadelphia PA in an attempt to provide Juila a seizure free lifestyle. Jack and Nina will be by Julia's side during this entire process which requires them to stay in Philadelphia for approximately 2 weeks. There will be many out of pocket expenses accrued during this time frame for the family i.e. unpaid time from work (no income), travel expenses, hotel accommodations, meals etc.

We would like to show our support to The Rogers Family during this trying and challenging time. In an attempt to alleviate some of the financial burden they will endure, we are holding a raffle.

**A \$5.00 donation will enter you in a drawing to possibly win:**

**4 Tickets to "Beauty and the Beast"
